The Honorable Chief Minister
Government of Khyber Pakhtunkhwa
Peshawar

Subject: Request for Provision of a Laptop for Educational Purposes

Respected Sir,

I respectfully submit this application to request your kind assistance in providing me with a laptop for my educational purposes.

I am currently a BS English student in the 2nd semester. As a university student, I regularly need a laptop for preparing assignments, presentations, research work, accessing educational resources, preparing documents, and developing my academic and professional skills. I am also involved in the activities of my university's English Literary Society, where a computer is frequently required for preparing and managing academic and social-media content.

Unfortunately, due to my current financial circumstances, I am unable to afford a laptop of my own. At present, I do not have a personal laptop, which creates considerable difficulty in completing my university work and developing the computer skills necessary for my future career.

I therefore humbly request the Honorable Chief Minister of Khyber Pakhtunkhwa to kindly consider my situation and provide me with a laptop or financial assistance for purchasing a suitable laptop under any available government student-support or laptop scheme.

I assure you that, if granted, I will use the laptop solely for my education, academic development, and professional learning. Your assistance would be a great support to me and would help me continue my studies with greater opportunities and confidence.

I shall remain extremely grateful for your kind consideration and support.

Yours respectfully,

Name: Muhammad Fahad
Program: BS English
Semester: 2nd Semester
University: Islamia college university
